

# NEWS RELEASE

---

**DATE TO BE RELEASED: 1/18/2012**

**SUBJECT: The After School Math Club**

**CONTACT:** Youth Services Dept, 636-9245, or, [www.racinelibrary.info](http://www.racinelibrary.info)

Racine – The Racine Public Library, 75 Seventh Street, is offering students in second through seventh grades an After School Math Club from 5:30-6:30 p.m. on Monday nights beginning January 23rd and continuing through June 4th.

The After School Math Club will be facilitated by Sandeep Reddy (eighth grade), a Hilpert Scholar from The Prairie School. Featuring math enrichment activities, new problem-solving techniques and homework tutoring, the club provides an entertaining place for students to learn and share with fellow math students.

Reddy has many math accomplishments, including a first-place finish and invitation to the state competition in the 2011 regional Math Counts team event.

Reddy has presented two math workshops at the Racine Public Library, "Learning Math the Fun Way" and "Creative Math for Grades Four Through Six." This is his third year as facilitator of the After School Math Club.

To register for the After School Math Club, contact the Racine Public Library at 262-636-9245, or register online at [www.racinelibrary.info](http://www.racinelibrary.info). If you have other questions regarding the Math Club, you can contact Sandeep at: [afterschoolmathclub@gmail.com](mailto:afterschoolmathclub@gmail.com).

For information or questions, please visit the Racine Public Library at 75 7<sup>th</sup> Street or call us at 262-636-9245. For a complete up-to-the-minute account of what's new at the library, visit us on-line.
